

WHEELER'S AUGUST CLEARANCE SALE

NEW ICEBERG REFRIGERATORS.

Are real ice savers and the best on the market for anything like the money. We have hundreds of them out in Paris and have yet to have the first complaint. We have nearly a carload on hand, which accounts for the ridiculously low prices we quote.

One like cut with heavy galvanized iron and provision chambers, family size, sold regularly at \$15.50, go while they last at..... **\$7.98**

Started Monday Morning, Aug. 3.

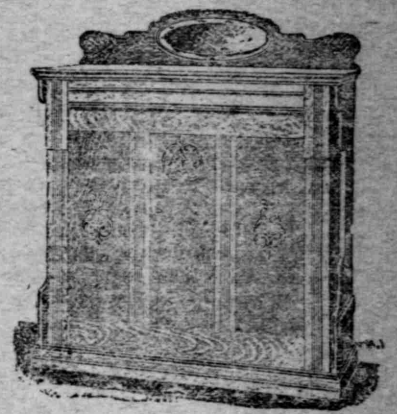

THE mere announcement of our Semi-Annual Clearance Sale is usually sufficient to attract wide-spread attention and interest from those who have attended previous events of this character, hence we feel that we are justified in assuming that this sale will be hailed with delight when we say that it will eclipse all our former efforts in point of value and price-little-ness. There are two reasons back of the sweeping reductions offered during this sale. The first is that we are overstocked—badly overstocked for this season of the year. The other is we are obliged to join with our Lexington store and take over our Owensboro stock on account of adverse business conditions in that city. This gives us too large a stock, more than we would be able to sell in a long time under ordinary conditions. There is but one alternative, and that is to sell them to you AT ANY PRICE.

Come to this store Monday and see for yourself that prices like these were never before quoted in this section of Kentucky. Don't take our word for it, come Monday, say "Missouri" and we'll "show" you.

We'll be satisfied with cost, and in many instance, LESS THAN ACTUAL FACTORY COST, on every article sold during this sale. It is impossible to quote prices on all the varied lines we carry, but we ask you to read those mentioned here and take them merely as samples of the deep cuts that prevail all over the house during this great August Clearance Sale. Come Monday and you'll agree that this store could rightly be named

CAR LOAD OF FOLDING BEDS
